Johnny's Selected Seeds

BRANDYWINE TOMATOES

Seed Savers Exchange

SUNGOLD TOMATOES

Johnny's Selected Seeds

SUGAR BABY WATERMELON

Johnny's Selected Seeds

WHAT IS A SEED LIBRARY?

A seed library is an institution that lends or shares seeds. Seed libraries are designed to promote gardening and develop seeds that can become acclimated to our local climate.

HOW DO YOU CHECK OUT SEEDS?

Seeds can be checked out at all Leon County Public Library locations and are yours to keep. Check out five seed packets each month with your library card, or three per month if you do not have a library card. Library cards are free to all Leon County residents, students, and property owners. For more information: LeonCountyLibrary.org/SeedLibrary

WHY HAVE A GARDEN?

By gardening, you can learn new skills, grow your own food, explore a new source of exercise and relaxation, build soil and give life to the lawn, and enjoy a highly nutritious diet.
